ABOUT ME

I am seeking a position in Information Technology specializing in Cybersecurity. I am dedicated, solution-oriented, and willing to put in the time and effort it takes to learn existing systems and strengthen its security.

EDUCATION

University of Central Florida | 2022-2026

Bachelor of Science in Computer Science (B.S.)

Minor in Secure Computing and Networks (SCAN)

Balanced a professional workload while fulfilling all foundational credits for the major. Coursework included demonstrating various methods in cybersecurity, systems architecture, and understanding basic and advanced data structures and algorithms.

Indian River State College | 2019-2022

Associate of Arts (A.A.)

Balanced a highschool workload while simultaneously earning credits for an associates.

PROJECTS

Vehicle Weight System - Fully Automated Vehicle Weight Scale System

- Worked on a development team as Backend Developer / Database Manager
- Implemented a robust backend for multi-threaded weight tracking using Python
- Designed and managed a PostgreSQL relational database with SQL commands
- Implemented Flask server in Docker container hosted on an NVIDIA Jetson Orin Nano
- Created complete data pipeline from Machine Learning models / sensors to PostgreSQL database with Cursor
- Assisted in team management using Jira, implementing Agile development strategies
- Employed Git for version control and a centralized codebase

Portfolio Website

- Created a robust website displaying other projects and a personal profile
- Applied HTML, CSS, and Bootstrap for frontend, Javascript for backend
- Implemented an AWS EC2 instance for live server hosting
- Detailed proper EC2 security protocols for live website access

WORK EXPERIENCE

Wawa | 2021 - Present

Customer Service Associate

Provided data-entry on a daily basis, as well as tended to the needs of customers in regards to cleanliness, food, and overall friendliness.

SKILLS

- Languages: Java, Python, HTML, JavaScript, R, SQL
- Tools: Git, React, Bootstrap, AWS, Linux, Agile, Jira, PostgreSQL, Docker
- Proficient in Microsoft Office (Word, Excel, PowerPoint, etc.)
